# Introduction

Are you looking to rent a car?

This is the best way to do it. No spending so much time, no complexity. Is so easy, just put your basic data and its ready.

You have possibility to choose the place where you will rent, and you can leave in any of our “RC” locations.

This application is supported :

for **iOS** (7.0 or later) users

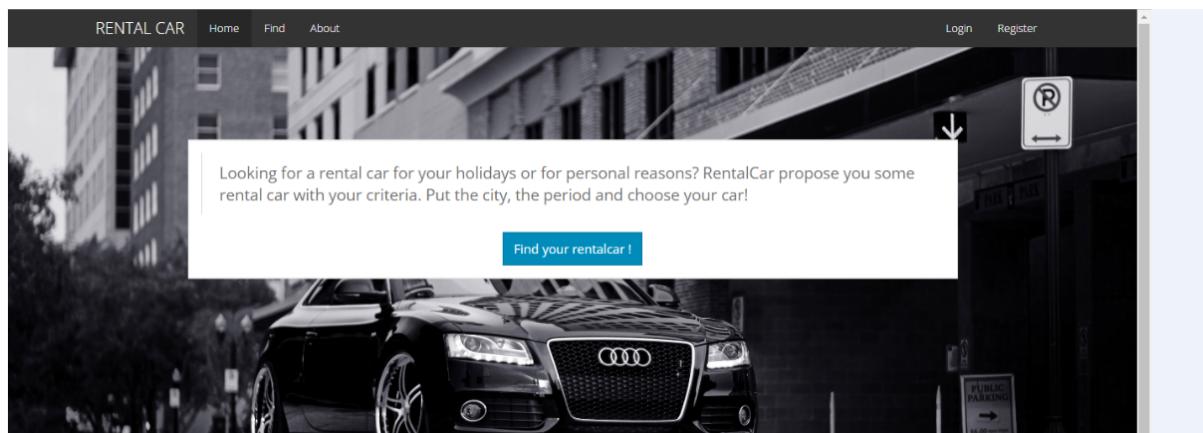

and in **web** platform ([www.rentalcar.com](http://www.rentalcar.com)) .

But this is not all, we have **rewards**. For every one that rents more than 10 times, **10%** discount in a few rents.

We have two kind of users, client and administrator.

## Website Client Side

### Home page

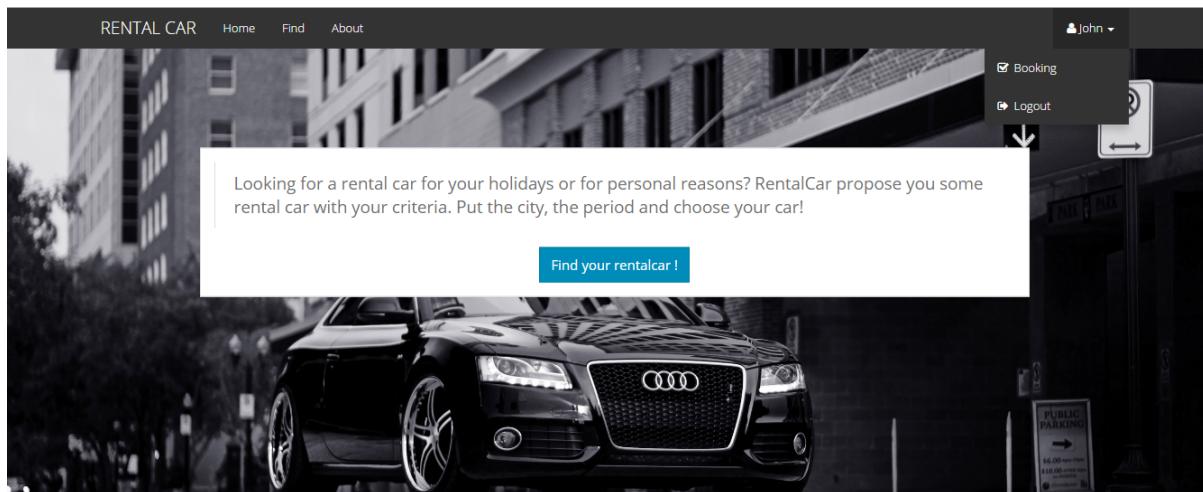

# Registering form

Registering form: 1<sup>st</sup> you go to “Register” and input your data, than you push register, and you are in youre account

10	2016-11-01	2016-11-03	Toyota - Yaris	RC 1 - Lodz	30	90

# iOS Application

Before to use the application, you have to register or to login to access all your booking or to find a car. After that, it is the same process than the website.

## Login and register form

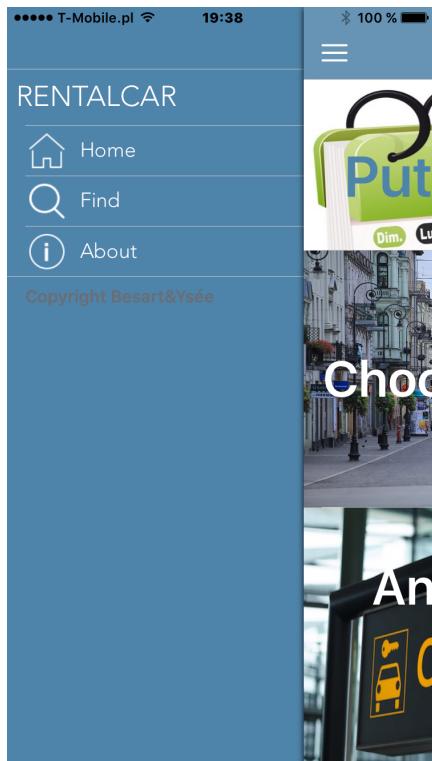

The screenshot displays a mobile application interface for user registration and authentication. At the top, there is a header bar with the T-Mobile.pl logo, signal strength, battery level (39%), time (21:21), and battery level (100%). On the left, a 'Back' button is visible. The main screen is divided into two sections: 'Registration' on the left and 'Authentification' on the right. Both sections contain input fields for Name, Postal address, Email-address, and Password. In the 'Authentification' section, there is also a placeholder for a password and a link 'Don't have an account? Sign up here!'. At the bottom, there are two large blue buttons: 'SIGN UP' on the left and 'SIGN IN' on the right.

Section	Field	Value
Registration	Name	
	Postal address	
	Email-address	user@car.com
	Password	
	Password	
<a href="#">Don't have an account? Sign up here!</a>

# Website Administrator Side

## Admin login

Every admin has supplementary button(functionality) to manage the website.  
He can add or remove some cars, locations, users.

Below, we can see the admin panel menu

A screenshot of the 'RENTAL CAR - ADMIN PANEL'. The left sidebar contains a navigation menu with items: 'Dashboard', 'Users', 'Cars', 'Locations', 'Test add Rental', and 'Original website'. The main content area is titled 'Dashboard Statistics Overview'. It includes a 'DASHBOARD' section, a teal box encouraging users to try 'SB Admin 2', and a large blue box showing '26 New Comments!' with a speech bubble icon. Below this are sections for 'Area Chart' and 'Donut Chart', each with a 'View Details' button.

# Client users

Here, it is the list of all client users.

## List of users

#	Name	E-mail	
2	John	user@car.com	
7	dhhhdj	test@test.com
